Dear Mr. Sargsyan,

At your request, I have pleasure in sharing an advanced copy of the United Nations Environment Programme Industry and Environment Office mineral survey for Nagorno-Karabakh Autonomous Oblast. Our forward team completed their fieldwork in July. This document has also been forwarded to Mr. Dementsev in Moscow.

Allow me to draw your attention to the Executive Summary. This illustrates that previous studies have significantly under calculated the potential volumes of minerals and precious metals in Nagorno-Karabakh Autonomous Oblast.

Allow me to again thank you for your personal interest and reiterate our sincere appreciation for your support during this process.

With best regards,

Yours sincerely,

Dominique Larre
